The remainder of the Wilson Fund is in the Mechanics Savings Bank, Nashua, which is still in the hands of a receiver.

Mr. D. J. Warren has had the care of the cemeteries during the past year.

The addition to the cemetery on the plain has been harrowed, the roots gathered, and burned, and the ground is now ready, and should be fertilized and seeded down to grass, for which provision should be made.

There has not been so much done to the addition to the cemetery on the hill, as the committee purposed to do last spring. There has been procured stone posts and gates a need which did not occur to the committee when asking for an appropriation, although not taking all the money, it will be necessary to to appropriate an additional sum to complete the proposed improvement.

The water from the well is carried into the cemetery by syphon, which has proved a success and is a convenience much appreciated by those who cultivate flowers and care for their lots.

Respectfully submitted.

## SCHOOL REPORT.

---

The ninth annual report of the schools of the town for the year ending February 15, 1895, is herewith submitted.

Twenty-six weeks schooling has been furnished each of the districts (except No. 7, where the one scholar (Carrie Johnson) attended school at No. 5 in Derry. In addition, district No. 2 had 4 weeks; Fund school No. 4, 4 weeks, and No. 6, 7 weeks.

It has been our aim to employ good teachers and the most of them have fully met our expectations.

We kindly ask the district to remember that the duties of the school board are always responsible, and often perplexing.

### TEACHERS EMPLOYED.

Miss Grace Campbell, one term.

Miss Minnie L. Clark, three terms.

Mr. Henry K. Hudson, one term.

Miss Jennie Low, two terms.

Miss Martha S. Oviatt, three terms.

Miss Mary E. Sheridan, two terms.

Miss Mabel B. Stevens, one and one-half terms.

Miss Bessie B. Stevens, one-half term.

Miss Abbie J. Whittier, one term.

It has been a prosperous school year. Many of the younger scholars have made very marked progress in reading, spelling, arithmetic and physiology. Many of our older and more advanced scholars have retired from our schools the past year, but others, now younger, will soon fill their places nobly.

### GENERAL REMARKS.

Parents:—The most important trust committed to you is the education of your children. You may not be able to give them houses and lands, but you can furnish them with a liberal education, which will be far better. Your frequent presence in the school room will do much to encourage and stimulate the teacher, and the good effect on the whole school will be very apparent. See to it that your children are regular and

prompt in their daily attendance at school. Let nothing but sickness keep them at home even for a single day. Do not allow your children to bring home "evil reports" from the school room, as their testimony will be *ex parte* and not always exactly correct.

#### CALISTHENICS.

Calisthenic exercises, or military drill as some call it, have been introduced into some of our schools with pleasing results. It helps towards an erect form, it helps expand the lungs, it calls into vigorous action all the limbs of the body, it causes scholars to move about the school room more gracefully and quietly, and to remain more quiet during study hours; it is one of the strong attractions of the school room.

#### REPAIRS.

It will be seen by the Treasurer's Report that the repairs of No. 3 district buildings cost about \$125. We consider it money well expended. No. 2 house is in great need of modern benches and seats.

Would it not be good economy to paint all our district buildings excepting No. 1, brick house. Public buildings kept in good repair, are a sure indication of the thrift and intelligence of a community.

Number of school children in town reported by selectmen, April 1894, 101. Boys 45; girls 56.

Respectfully submitted,

WILLIAM C. HARRIS,	} School Board of Windham.
H. S. REYNOLDS.	
EDWARD A. HASKELL,

TWENTY-FOURTH ANNUAL REPORT  
OF THE  
TRUSTEES OF NESMITH LIBRARY,  
For the year ending Feb 15, 1895,

# Report of the Nesmith Library

FOR THE YEAR ENDING, FEB. 15, 1895.

---

The librarian's report will show the condition and use of the Library during the year.

Wm. Cutting, our former Librarian, deciding to leave Windham, tendered his resignation, which was accepted, and Wm. Charles Woodman was appointed in his place. It is with pleasure we report that Wm. Woodman has faithfully performed the duties of the office, preserved good order and given entire satisfaction in every way.

The following documents have been received during the year; State Report, Vol. 24; Report of Division of Microscopy; Roster of the 8th New Hampshire Volunteers; History of Candia, presented by George Armstrong, Esq., Boston; Tenth Report of U. S. Civil Service Commission; and Report of the Secretary of Agriculture for 1892, for all of which the Trustees tender their sincere thanks.

A number of old Volumes have been re-bound, and about fifty new ones added. Among these will be found some very instructive and useful treatises on history, travels and explorations; and one of poetry by a native of our State, the late Celia Thaxter. While we trust none will be found harmful, yet we could wish that not a fewer of the Library's patrons would call for a higher order of reading.

In behalf of the Trustees respectfully submitted,

WM. E. WESTERVELT.
